An occasional table is any small table intended for infrequent and varied use. In the case of our alabaster table (J45), the intended use may be to simply turn heads and start conversations. Just take one look at this crystal stone piece – with its crazy cut pattern stone at top, side pyramidal shapes, and polished brass corner trims – and it's easy to understand why. Liven up any indoor space with this geometrically-unique, eye-catching table that's more like a work of modern art.
