I can see clearly now. This occasional table will spin heads when it enters a room. This thick tempered glass top table comes in 2 different bases; a hairline brushed stainless steel and a polished brass finish. It will be the focus of your room whether as a stand-alone piece or, even better, as a pair.

diameter: 12 3/4"
height: 24"

description J70A:

stainless steel - (hairline brushed)
glass - (smooth)

description J70B:

brass* - (polished)
glass - (smooth)

* note lacquer coating naturally wears over time leaving a beautiful brass patina.
